Week Snapshot

Dear Family,

Ribbit! Croak! Let's learn about frogs this week! This week we will be reading and discussing Frogs by Elizabeth Carney. We will be hopping into this text seeing how the author and illustrator help us understand the frog life cycle. We will make a comparison seeing how frogs grow and change comparing them to ourselves. We will begin procedural writing by writing the steps of the frog life cycle.

Vocabulary

- croak: The deep, hoarse noise that a frog makes
- gills: The body parts on sides of a fish or tadpole through which it breathes
- habitat: The natural place where a plant or animal lives
- poison: Something that can kill or hurt living things

Poem of the Week

Five Speckled Frogs

Five little speckled frogs,
Sitting on a speckled log,
Eating the most delicious bugs,
Yum, yum.

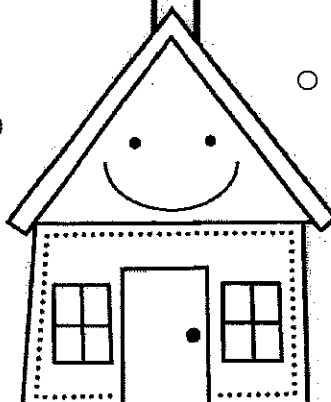

One jumped into the pool,
Where it was nice and cool,

Then there were four
little speckled frogs.

(Repeat, working your way down to one.)

One little speckled frog,
Sitting on a speckled log,
Eating the most delicious bugs,
Yum, yum.

He jumped into the pool,
Where it was nice and cool,
Then there were no little speckled frogs.

Activities

Here are just a few activities you can do at home with your child this week!

- Hop like a frog and count to 60.
- Hop and spell CVC (dog, cat, pig, rat, sad, dad, mom) words.
- Small frogs like to eat ants! Make "ants on a log" for snack time. Place raisins on a peanut butter covered celery stick.
